RE: 2007 to 2012 annual reports of the Republican River Compact Administration

Commissioners Dunnigan and Wolfe:

The Republican River Compact Administration Rules & Regulations state:

> "The RRCA shall prepare and approve an annual report that includes the official actions taken by the RRCA at the annual meeting and at any special meetings, a summary of the compact accounting for the previous year and such other matters as the RRCA may deem appropriate. The Chair shall furnish copies of the report to the President of the United States, the Governors of the States of Colorado, Nebraska and Kansas, the officials of appropriate State and federal agencies and to any other person, as the RRCA determines appropriate."

Enclosed is a compact disc with the 2007 to 2012 annual reports of the Republican River Compact Administration, which were approved at this year's annual meeting, for your records. I am providing copies to the President and appropriate federal officials. Per our agreement at the meeting, as the reports cover multiple years, each state will provide the report to its Governor and appropriate state officials.

Please let me know if you have any questions.

Best Regards,

David W. Barfield, P.E.
Kansas Commissioner, RRCA
