Subject: Monthly Analysis of Use and Loss in Courtland Canal above Lovewell Reservoir
Hello Kenny,

Attached is the subject spreadsheet for the period of September 2008 through August 2009. You had requested this information a couple of years back and I was unsure if you still needed this information (here it is just in case).

Experiencing blowing snow at the present time. Doesn't look too good and the streets are getting slick. Forecast isn't calling for us to get much snow out of this system (1 to 2 inches).

Bill
