No. 126 Original, U.S. Supreme Court

Jeffrey C. Fereday, Arbitrator

NEBRASKA'S N-CORPE

**STATES' FINAL
JOINT EXHIBIT LIST**

Arbitrator's Note: The following exhibits will be deemed stipulated into evidence and will become part of the record once they are used or referred to by a State in the hearing on these arbitrations, and such use or reference can be made without any further offer, proof of foundation or other validation as would normally be required by the Federal Rules of Evidence. If a State intends to assert at the hearing that a listed exhibit is irrelevant, lacks foundation, or otherwise is objectionable under the Rules in whole or in part, that State may note this in the "Objection" column using an abbreviation for the objection followed by that State's name abbreviation (e.g., Rel-CO). For any objection made during the hearing, the Arbitrator will use that column to enter this information. The Arbitrator will note whether the exhibit has been entered into the record.
