RE: RRCA Special Meeting for Approval of the Rock Creek Augmentation Plan

Dear Commissioners Dunnigan and Wolfe:

I have received Commissioner Dunnigan's March 20, 2013 letter regarding the RRCA Special Meeting regarding the Rock Creek Augmentation Plan. Kansas will support Nebraska's request to include that letter in the official record of the meeting. As long as Colorado supports that request, as Chairman, I will ensure that the letter is included.

I appreciate Commissioner Dunnigan providing his explanation of Nebraska's view of the situation. While Kansas does not agree with Nebraska's characterization of the historical record or positions regarding the RRCA process and augmentation plans, I believe it is helpful to more clearly understand the States' positions.

We look forward to continuing to work toward resolving the disagreements on these important issues.

Sincerely,

David W. Barfield, P.E.
Kansas Chief Engineer
Chairman, RRCA
