RE: Water Right File Nos. 5428, 12410, 22804, 32904  
Change in the Place of Use

Dear Mr. Conant,

Big Bend Groundwater Management District #5 has reviewed the above referenced applications to change the place of use. It is the understanding of the District that there will not be an increase in the total irrigated acres. As such, there should not be an increase in net consumptive use through this change. Therefore, the application appears to be consistent with 5-25-20(b) and is recommended for approval.

The applications to change are subject to the District's well equipment regulation K.A.R. 5-25-5 for required flow meters.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril  
Manager
