Re: Water Right, File No(s). 5428, 12410, 22804, and 32904

Dear Water Right Owner:

Enclosed is the order executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number(s).

Your attention is directed to the enclosures and to the terms, conditions and limitations specified in this approval for change. An acceptable water flow meter must be installed on your well before any water is applied as authorized under this change approval. A copy of the approved list of Certified Water Flowmeters as well as the regulations regarding the installation of flowmeters, measurement tubes and check valves can be found at <http://agriculture.ks.gov/divisions-programs/dwr/water-appropriation/water-flowmeters>. If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Since this order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Jeff Lanterman
Water Commissioner

RE: Water Right File Nos. 5428, 12410, 22804, 32904
Change in the Place of Use

Dear Mr. Conant,

Big Bend Groundwater Management District #5 has reviewed the above referenced applications to change the place of use. It is the understanding of the District that there will not be an increase in the total irrigated acres. As such, there should not be an increase in net consumptive use through this change. Therefore, the application appears to be consistent with 5-25-20(b) and is recommended for approval.

The applications to change are subject to the District's well equipment regulation K.A.R. 5-25-5 for required flow meters.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril
Manager
