RE: Change the Place of Use, File Nos; 13145, 14101, 19622
19809, 21037, 21455, 26527

Dear Mr. Love;

Enclosed you will find a *Summary Order Approving Application for Change in Place of Use* for the above referenced files. Since these orders modify the original documents, it should be recorded at the County Register of Deeds.

These orders modify the authorized acres that can be irrigated by these files. The authorized place of use is as shown on the plats within the change approvals.

A condition of this order is that an acceptable flow meter must be properly installed on the diversion works authorized under the referenced file number in accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12. This water flow meter shall be used to provide information required on the annual water use report (including the meter reading at the beginning and end of the report year).

This order shall become final if a request for a hearing is not filed with the Chief Engineer within 15 days of the date of service of this order. The date of service is the date listed on the enclosed *Certificate of Service*.

Should you have any questions, please feel free to call this office or arrange an appointment for additional assistance. Please refer to the file number when you contact us if you wish to discuss a specific file.

Sincerely,

Thomas P. Makens
Assistant Water Commissioner

INSTRUCTIONS:

The request must be signed by each owner of the place of use authorized by the water right or permit and his or her spouse, if married. All water right or permit owners, including spouses, must sign this request for it to be valid. Unless the water right or permit has been legally severed from the authorized place of use, the owners of the water right or permit are the owners of the authorized place of use. Please indicate if there is no spouse. If land is being purchased under contract, the seller must sign as owner until such time as the contract is completed.

In the event that all owners cannot sign together in front of one notary public, they may, as necessary, sign appropriate copies of the request in front of any notary public conveniently available to them. All copies signed in this manner shall be accepted as valid parts of the request.

If the request is signed on behalf of any owner by someone with legal authority to do so (for example, an agent, one who has power of attorney, or an executor, executrix, conservator), it will be necessary to attach proper documents showing such authority.

Re: Water Right file number 13145, 14101, 19622, 19809, 21037, 21455, 26527

Dear Mr. Norquest;

The Love Ag has applied to alter the acres authorized to add a pivot location. The base acres are 1496. There are no neighboring wells within ½ mile.

We are delaying action for 15 days on the change application to allow you time to review and provide a recommendation if you feel one is warranted. I have enclosed a copy of the change for your perusal.

Thank you and as always feel free to call or write us at any time.

Sincerely;

Thomas P Makens

RE: Applications for Change in Place of Use
Water Rights, File Nos. 13145, 14101, 19622, 21037, 21455 & 26527

Dear Thomas:

We have completed a review of the applications for the above referenced water rights. The proposals are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed change in place of use, to bring in a pivot in the SE quarter by removing some of the currently authorized corners, is in accordance with K.A.R. 5-5-11. It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest
Assistant Manager
