M E M O R A N D U M

TO: File

DATE: October 8, 2018

FROM: Leslie Ireland

RE: Water Right, File Nos. 20,986; 20,990; 20,991;
20,992; 22,214; 22,215; 22,216 & 22,218

Christina G. Staufenberger represented as Trustee of the Henry C. Hitch Ranch Trust and Jason Hitch, CEO, on behalf of Hitch Enterprises Inc., submitted applications on August 1, 2018, to change the irrigated place of use. The applications were completed on filed office approvable forms, but request to overlap 2,120 acres of irrigated land in Seward County. The applications were submitted by the water use correspondent, Clawson Land Partnership.

The referenced water rights appear to be in compliance with K.S.A. 82a-732 and the additional requested signature and submitted maps indicate the owners are requesting a complete overlap in the place of use without any modifications so it would appear the applications comply with K.A.R. 5-5-2a.

The referenced files are authorized to irrigate 2,120 acres from a total of 13 wells authorized a combined total of 3,250 acre-feet at an average rate of 867 gallons per minute. The acres are located in Sections 23, 24, 25, 26, 35 & 36 of Township 32 Range 34 West, Seward County. The rights are not located within a special use area but are within the boundaries of Southwest Kansas Groundwater Management District No. 3. The proposed changes are to make a complete overlap of the authorized acres without any modifications to the irrigated acres. The applications will be processed by Part b(1) of K.A.R. 5-5-11 *Applications for change in place of use for irrigation purposes*. The rights are all certified and the applications were filed to make an **identical place of use with each right**. It appears the determination of base acres is not necessary per the regulation.

The changes should help with the historical pumping above authorized in the 1990's under the junior rights. It will also resolve the incomplete overlap between File Nos. 20,992 & 22,215. The total combined quantity will provide 1.53 acre-foot acre, complying with K.A.R. 5-3-23, *Maximum reasonable annual quantity approvable for irrigation use for an application for change in place of use and a request to reduce a water right*. As detailed in K.A.R. 5-5-12, *Net irrigation requirements*, at an 80% chance of rainfall, Seward County irrigation requires 1.37 acre-foot per acre. It appears the combined quantity is reasonable and sufficient for the irrigation of corn and a conservation or operational plan will not be needed for the proposed changes. As the place of use will not be increasing, the changes should not result in an increase in the consumptive use, thus complying with K.A.R. 5-5-3, *Change in consumptive use*.

Compliance Investigations on the points of diversion under File Nos. 22,215; 22,216 & 22,218 were completed by the area field office. The locations were determined to be within 300 feet of authorized with the exception of ID 4 under Water Right, File No. 22,216, determined to be 359 feet from the authorized. The actual location complies with part (b) of K.A.R. 5-5-6, *Failure to construct diversion works at authorized location*, the right was approved in 1975, after construction, at a location approvable today. The locations will be updated by the approvals.

In a letter dated October 8, 2018, Jason Norquest, Assistant Manager, Southwest Kansas Groundwater Management District No. 3, recommend approval of the applications.

Michael Meyer, Water Commissioner of the Garden City Field Office area reviewed the proposed applications. In an email dated October 8, 2018, he recommended their approval.

Water flowmeters will be required for the change approvals pursuant to K.A.R. 5-5-11(e)(2) indicating 3,417 acre-feed is needed to be exempt from metering. Check valves will be required, if chemigating. As no new wells will be drilled a water level measurement tube and WWC-5 will not be a condition of the approvals.

Based on the above discussion, that the changes will create a place of use that is reasonable, and the historical consumptive use will not be increased, that impairment to existing water rights are unlikely, and that no change in the local source of supply will occur, it is recommended that the referenced applications be approved.

RE: Water Right, File Nos. 20,986; 20,990; 20,991; 20,992; 22,214; 22,215; 22,216 & 22,218

Dear Mr. Clawson:

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Since these orders modify the original documents referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

Your attention is directed to the enclosures and to the terms and conditions specified in these approvals for change. A condition of the approvals is that an acceptable water flowmeter must be installed on the diversion works authorized under the referenced files.

Please be reminded that reports of water usage must be submitted to this office annually. Records indicating the amount of water used should be furnished to the Chief Engineer by March 1 following the end of the previous calendar year so that the continued use of water becomes a matter of record in this office. The owner, or his or her legally designated agent, is held responsible for submitting annual water use reports. If an annual water use report is not received by the deadline, a fine may be assessed and all water use under such right may be suspended. For your convenience, reports may be filed online at www.kswaterusereport.org.

If you have any questions, please contact Leslie Ireland, Environmental Scientist, at (785) 566-6633. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

Brent A. Turney, P.G.

**APPROVAL OF APPLICATION
FOR
CHANGE IN PLACE OF USE
AND
ORDER IN THE MATTER OF THE AUTHORIZED POINTS OF DIVERSION
WATER RIGHT, FILE NO. 22,216**

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of Christina G. Staufenberger on behalf of Henry C. Hitch Ranch Trust, Box 1308, Guymon, Oklahoma 73942, received in the office of the Chief Engineer on August 10, 2018, for approval of a change in the location of the place of use under the certificate of appropriation issued pursuant to the permit to appropriate water for beneficial use, as modified and amended by the Order of the Chief Engineer dated April 19, 2013, approving the application to change the point of diversion, finds that the change is reasonable and will not impair existing rights, and that the application should be and is hereby approved.

The effective date of the change shall be the date this order is executed by the Chief Engineer, after which the authorized location of the place of use shall be:

Sec. Twp. Range	NE¼				NW¼				SW¼				SE¼				TOTAL	
	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼

24 32 34W					40.0	40.0	40.0	40.0	40.0	40.0	40.0	40.0						320
25 32 34W		40.0	40.0		40.0			40.0	40.0	40.0	40.0	40.0		40.0				360
26 32 34W	40.0	40.0	40.0	40.0									40.0	40.0	40.0	40.0		320
35 32 34W	40.0	40.0	40.0	40.0														160
36 32 34W	40.0	40.0	40.0	40.0	40.0	40.0	40.0	40.0										320

a total of 2,120 acres in Sections 23, 24, 25, 26, 35 and 36, all in Township 32 South, Range 34 West, Seward County, Kansas,

located substantially as shown on the topographic map accompanying the application to change the place of use.

That information in the office of the Chief Engineer finds that the points of diversion would more accurately be defined as:

one (1) well located in the Northwest Quarter of the Southeast Quarter of the Northeast Quarter (NW¼ SE¼ NE¼) of Section 23, more particularly described as being near a point 3,838 feet North and 1,300 feet West of the Southeast corner of said section, and

one (1) well located in the Northwest Quarter of the Southeast Quarter of the Northwest (NW¼ SE¼ NW¼) of Section 23 more particularly described as being near a point 3,998 feet North and 3,870 feet West of the Southeast corner of said section, and

one (1) well located in the Southeast Quarter of the Southwest Quarter (SE¼ SE¼ SW¼) of Section 23, more particularly described as being near a point 450 feet North and 2,930 feet West of the Southeast corner of said section,

all in Township 32 South, Range 34 West, Seward County, Kansas.

All diversion works into which any type of chemical or other foreign substance will be injected into the water pumped from the diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 22,216, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated June 29, 1987, as modified and amended by the aforementioned orders.

Ordered this 23rd day of October, 2018, at Manhattan, Riley County, Kansas.

RIGHT TO A HEARING AND TO ADMINISTRATIVE REVIEW

If you are aggrieved by this Order, then pursuant to K.S.A. 82a-1901, you may:

- 1) request an evidentiary hearing before the Chief Engineer, or
- 2) request administrative review by the Secretary of Agriculture.

Failure to request an evidentiary hearing before the Chief Engineer does not preclude your right to administrative review by the Secretary.

To obtain an evidentiary hearing before the Chief Engineer, a written request for hearing must be filed within 15 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 18 days after this Order was mailed to you**), with: Kansas Department of Agriculture, Attn: Legal Section, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If you do not file a request for an evidentiary hearing before the Chief Engineer, you may petition for administrative review of the Order by the Secretary of Agriculture. A petition for review shall be in writing and state the basis for requesting administrative review. The request for hearing may be denied if the request fails to clearly establish factual or legal issues for review. See K.S.A. 77-527. The petition must be filed within 30 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 33 days after this Order was mailed to you**), and be filed with: Secretary of Agriculture, Attn: Legal Division, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If neither a request for an evidentiary hearing nor a petition for administrative review is filed as set forth above, then this Order shall be effective and become a final agency action as defined in K.S.A. 77-607(b). Failure to timely request either an evidentiary hearing or administrative review may preclude further judicial review under the Kansas Judicial Review Act.

CERTIFICATE OF SERVICE

On this 29th day October, 2018, I hereby certify that the attached Approval of Application for Change in Place of Use and Order in the Matter of the Authorized Points of Diversion, Water Right, File No. 22,216 dated, October 23rd, 2018 was mailed postage prepaid, first class, US mail to the following:

 (a) What are you going to do with the old well?

 (b) When will this be done? _____
11. Groundwater Management District recommendation attached?
 Yes No
12. Assisted by tpm

13a. If the proposed point of diversion will be relocated more than 300 feet but within 2,640 feet of the existing point of diversion, attach a topographic map or aerial photograph. For groundwater sources, show all wells (including domestic) within one-half mile of the proposed point of diversion and the names and mailing addresses of the owners. For surface water sources, show the names and addresses of the landowner(s) one-half mile downstream and one-half mile upstream from your property lines

13b. If the proposed point of diversion will be relocated within 300 feet of the existing point of diversion, indicate its location on the diagram shown above in relation to the existing point of diversion. (PLEASE NOTE: The "X" in center of diagram above represents the presently authorized point of diversion.)

WATER RESOURCES RECEIVED

14. If the proposed groundwater point of diversion is 300 or fewer feet from the existing point of diversion, complete the following:
- (a) Does the undersigned represent all owners of the currently authorized place(s) of use identified in this application?
 Yes No (If no, all owners must sign this application.)
 - (b) Will the ownership interest of any owner of the currently authorized place(s) of use identified in this application be adversely affected if this application is approved as requested?
 Yes No (If yes, all owners must sign this application.)
 - (c) If this application is not approved expeditiously, will there be substantial damage to property, public health or safety?
 Yes No (If no, all owners must sign this application.)

If the application proposes a surface water change in point of diversion, a groundwater change in point of diversion greater than 300 feet, or a change in place of use, the application must be signed by all owners of the currently authorized place of use, or their duly authorized agent (attach notarized statement authorizing representation).

I hereby verify, being first duly sworn upon my oath or affirmation and under penalty of perjury, that I am of lawful age and the owner, the spouse of the owner, or a duly authorized agent of the owner(s) to make this application on their behalf, in regards to the water right(s) to which this application pertains. I further verify that the statements contained in this application are true, correct and complete.

Dated at Bethesda MD, Kansas; this 7th day of August, 2018.

Subject: Recommendation for Change in PU, File Nos. 20986xx22218_Hitch

Mike,

Attached is the GMD review and my summary memo. Complete overlap & PD Updates, File Nos. 22,215 & 22,216.
Please let me know if you could recommend these changes.

As always comments and concerns are welcome.

RE: Application for Change in place of Use
Water Right, File Nos. 20986, 20990, 20991, 20992, 22214, 22215, 22216 & 22218

Dear Leslie:

We have completed a review of the applications for the above referenced water rights. The proposals are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The request for change in place of use will create a complete overlap and is not requesting any new acres not currently authorized by a water right, in accordance with K.A.R. 5-5-11(b)(1). It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

A handwritten signature in black ink, which appears to read "Jason L. Norquest". The signature is fluid and cursive, with a large initial "J".

22,215; 22,216 & 22,218

Dear Mr. Rude:

Due to the volume of this package which proposes a complete overlap in irrigated acres authorized by the referenced files, we are providing by email an electronic copy of the applications referred to above. The applications appear to be in proper form.

We are delaying any further action for a period of 15 days from the date of this letter to allow you time to submit your recommendations concerning the applications.

Please submit your recommendations within the allotted time, or any authorized extension of time thereof.

Sincerely,

A handwritten signature in cursive script that reads "Leslie Ireland".

RE: Water Right, File Nos. 20,986; 20,990; 20,991; 20,992; 22,214;
22,215; 22,216 & 22,218

Dear Mr. Nix:

This letter is to **provide notice** as required by K.S.A. 82a-1906, which became effective on July 1, 2016. This notice is to inform you that the owners of the referenced appropriations of water have filed applications for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture.

The applications for Water Right, File Nos. 20,986; 20,990; 20,991; 20,992; 22,214; 22,215; 22,216 & 22,218, propose a change in the authorized places of use to overlap all their irrigated acres. These changes will not alter the quantity of water or rate of diversion authorized for irrigation use. The applications will not increase the number of acres authorized for irrigation use, and the place of use as a whole will remain as authorized. The 2,120 acres currently authorized in Sections 23, 24, 25, 26, 35 & 36, all in Township 32 South, Range 34 West, Seward County, Kansas would be authorized by each of the referenced files.

If you have any questions, please contact our office, my desk phone is (785) 564-6633. If you wish to discuss a specific file, please have the file numbers ready so that we may help you more efficiently.

Sincerely,

A handwritten signature in cursive script that reads "Leslie Ireland".

RE: File No 22216

Dear Sir or Madam:

An application for approval of the Chief Engineer to change the following condition or conditions of the file number referred to above has been received:

- place of use PU
- point of diversion
- use made of water

As a matter of record, the Division of Water Resources has on hand a large number of applications awaiting processing. Therefore, to be fair to all concerned, and so that we can process those applications on hand in the order they were received, we intend to concentrate on the backlog of applications until the issue is resolved. You will be contacted regarding this application as soon as it has been examined.

In accordance with the provisions of the Kansas Water Appropriation Act, a portion of which is included below, the use of water prior to approval of the application is unlawful. You should not proceed and divert water as indicated by your plans in your application for a change for this file until you receive approval for this change from the Chief Engineer. Once approved, compliance with the terms, conditions and limitations of the permit is necessary. Conservation of the water resources of Kansas is required.

Section 82a-728 of the Kansas Water Appropriation Act, provides (a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water in accordance with the provisions of the Water Appropriation Act or for any person to violate any condition of a vested right, appropriation right or an approved application for a permit to appropriate water for beneficial use.

(b) (1) The violation of any provision of this section by any person is a class C misdemeanor...

A class C misdemeanor is punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. Each day that the violation occurs constitutes a separate offense.

If you have any questions, please contact me at (785) 564-6645. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

Brent Tourney, L.G.
