**RE:** Water Right

File Nos. 7,767; 9,309; 10,443;  
12,741; 16,826 and 19,192

Myles Vulgamore, on behalf of Vulgamore Family Farms, L.L.C. etal, filed applications for approval to change the authorized place of use for Water Right, File Nos. 7,767; 9,309; 10,443; 12,741; 16,826 and 19,192 all authorized groundwater in the Pawnee River Basin.

The referenced files do not appear abandoned as per K.S.A. 82a-718.

The referenced files form a complete overlap in the authorized place of use and are authorized a total of 927 acre-feet for irrigation of 620 acres all in Sections 14, 15 and 16, Township 20 South, Range 31 West, Scott County, Kansas. File Nos. 7,767; 16,826 and 19,192 have no overlaps in their authorized points of diversion; File No. 12,741 is authorized three wells - one overlaps File No. 9,309; one overlaps File No. 10,443 and one overlaps Water Right, File No. 26,523(stockwatering use). The referenced change applications propose to continue a complete overlap in the place of use, dropping and adding new acres for a total of 550 acres to be irrigated in the aforementioned Sections 14 and 15.

The total limited quantity to be authorized by File Nos. 7,767; 9,309; 10,443; 12,741; 16,826 and 19,192 will provide 927 acre-feet total for 550 acres or 1.69 acre-feet per acre, which appears reasonable in Scott County and complies with K.A.R. 5-5-11 since combined base acres are 550 acres as per an October 26, 2018 e-mail from Michael Meyer, Water Commissioner of the Garden City Field Office.

Water right owners with a point of diversion within one-half mile of the authorized point of diversions as identified in WRIS and by the applicant were notified by a letter dated October 26, 2018 of the proposed change in place of use in order to comply with K.S.A. 82a 1906.

The authorized wells for the referenced files will be better described with g.p.s. feet distances as per WRIS.

The same local source of supply will not change, which appears to be Ogallala Formation (211) based on available information.

Mike recommended approval of the applications in an October 29, 2018 e-mail.

Water flow meters are required. Check valves are required if any chemical or foreign substance is injected into the water through the diversion works.

Based on the above discussion, that the changes are reasonable, that impairment to existing water rights is unlikely, and that no change in the local source of supply will occur, it has been recommended the change applications be approved.

RE: Water Right, File Nos. 7,767; 9,309; 10,443; 12,741; 16,826 and 19,192

Dear Sir or Madam:

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in these approvals for change. A condition of these approvals is that acceptable water flow meters must be installed on the diversion works authorized under the referenced file numbers. Please return the required notification of completion of the diversion works and/or installation of the required meters as soon as these actions are completed.

Since these orders modify the original document referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

If you have any questions, please contact this office. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

A handwritten signature in black ink, appearing to read "Brent A. Turney".

 WATER RIGHT  
 FILE NO. 7,767**

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of Myles Vulgamore, on behalf of Vulgamore Family Farms, L.L.C., 1550 West Road 70, Scott City, Kansas 67871, Robert W. Harkness, on behalf of Robert W. Harkness Trust and Robert W. and Deloras M. Harkness Trusts, 1203 Santa Fe, Scott City, Kansas 67871, and Rick C. Stevens, on behalf of Herbert A. Stevens Trust, 110 East Bellevue Avenue, Scott City, Kansas 67871, received in this office on August 27, 2018, for approval of a change in the location of the place of use under the certificate of appropriation issued pursuant to the permit to appropriate water for beneficial use, as modified and amended by the Order of the Chief Engineer dated February 16, 1993, approving the application to change the place of use; finds that the change is reasonable and will not impair existing rights, and that the application should be and is hereby approved.

The effective date of the change shall be the date this order is executed by the Chief Engineer, after which the authorized location of the place of use shall be:

Sec.	Twp.	Range	NE¼				NW¼				SW¼				SE¼				TOTAL ACRES

a total of 550.00 acres in Township 20 South, Range 31 West, Scott County, Kansas,

located substantially as shown on the map accompanying the application to change the place of use, and the location of the authorized point of diversion is more accurately described as:

one(1) well located in the Southwest Quarter of the Northwest Quarter of the Southwest Quarter (SW¼ NW¼ SW¼) of Section 14, more particularly described as being near a point 1,435 feet North and 5,139 feet West of the Southeast corner of said section, in Township 20 South, Range 31 West, Scott County, Kansas.

All diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 7,767, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated January 22, 1975, as modified and amended by the aforementioned order.

### **RIGHT TO A HEARING AND TO ADMINISTRATIVE REVIEW**

If you are aggrieved by this Order, then pursuant to K.S.A. 82a-1901, you may:

- 1) request an evidentiary hearing before the Chief Engineer, or
- 2) request administrative review by the Secretary of Agriculture.

Failure to request an evidentiary hearing before the Chief Engineer does not preclude your right to administrative review by the Secretary.

To obtain an evidentiary hearing before the Chief Engineer, a written request for hearing must be filed within 15 days after service of this Order as provided in K.S.A. 77-531 (i.e., within a total of 18 days after this Order was mailed to you), with the Kansas Department of Agriculture, Attn: Legal Section, 1320 Research Park Drive, Manhattan, Kansas 66502, or by FAX (785) 564-6777.

If you do not file a request for an evidentiary hearing before the Chief Engineer, you may petition for administrative review of the Order by the Secretary of Agriculture. A petition for review shall be in writing and state the basis for requesting administrative review. The request for review may be denied if the request fails to clearly establish factual or legal issues for review. See K.S.A. 77-527. The petition must be filed within 30 days after service of this Order as provided in K.S.A. 77-531 (i.e., within a total of 33 days after this Order was mailed to you), and be filed with the Secretary of Agriculture, Attn: Legal Division, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, or by FAX (785) 564-6777.

If neither a request for an evidentiary hearing nor a petition for administrative review is filed as set forth above, then this Order shall be effective and become a final agency action as defined in K.S.A. 77-607(b). Failure to timely request either an evidentiary hearing or administrative review may preclude further judicial review under the Kansas Judicial Review Act.

Any request for hearing or petition for administrative review shall be in writing and shall be submitted to the attention of: Chief Legal Counsel, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, Fax: (785) 564 - 6777.

Ownership is as follows

Stevens Family W/2 15-20-31

Vulgamore Family Farms SW 14-20-31, NE 15-20-31 and N 40 acres of SE 15-20-31

Harkness Cattle Land owns the South 120 acres of SE 15-20-31 and all of 22-20-31

Attached is the Deed for the Ground Vulgamore Family Farms Owns, The Stevens Family is not giving up anything only getting. but have also attached the Deed for that ground as well

I can try to track down the rest if you really need them

Mitch forwarded me your email on these applications to tie some land together that you been working on.

I need to confirm ownership

Who can sign for Stevens trust and can we get a copy of a deed?

Also, the applications show vulagmore Family Farms owns all land referenced

What land does harkness own or do they not own any longer?

Can we have copies of deeds showing the current ownership of SE 10, east half of 15, NE of 22 and SW 14?

Thanks for any information that we may need to wrap this up.
