RE: Water Right, File Nos. 6869, 19030, 21248, 28572 & 31836

Dear Sir or Madam:

Enclosed is the order executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. A condition of this approval is that an acceptable water flow meter must be installed on the diversion works authorized under the referenced file number and meet current specifications. Please return the required notification of completion of the diversion works and/or installation of the required meter as soon as these actions are completed.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

A handwritten signature in blue ink that reads "Austin J. McColloch".

Bret,

I am wondering if you could clear up some address information for me so we get the approval docs to all the right places. Attached is a spreadsheet with address we have in our system, what is on the applications and what is showing in the county appraisers database. If you could let me know the correct addresses for all parties that would be great. Also, we will need a copy of the deed for the SW¼ of 4-30S-34W to show W Patrick Rooney as the current owner.

RE: Applications for Change in Place of Use  
Water Right, File Nos. 6869, 19030, 21248, 28572 & 31836

Dear Mike:

We have assisted with the applications for the above referenced water rights. The proposal is not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed change in place of use will rearrange the acres to better suit the operation and is in accordance with K.A.R. 5-5-11(b). It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest  
Assistant Manager
