RE: Field Office Application for Change
Water Right, File Nos. 6609, 7362, 21239, 23453, 26249, 27703

Dear Sir:

Enclosed are orders executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. Conditions of these approvals are that an acceptable water flow meter must be installed on the diversion works authorized under the referenced file numbers and meet current specifications. Please return the required notification of completion of the diversion works and installation of the required meter as soon as these actions are completed. Please note the additional condition attached to File No. 26,249 that effectively reduced the annual authorized quantity as requested.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

A handwritten signature in blue ink that reads "Michael A. Meyer".

RE: Applications for Change in Place of Use
Water Right, File Nos. 6609, 7362, 21239, 23453, 26249, & 27703

Dear Mike:

We have assisted with the applications for the above referenced water rights. The proposals are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed change in place of use will rearrange the acres to more accurately describe the wetted acres and bring in a new reduced pivot while maintaining a complete overlap in authorized place of use in accordance with K.A.R. 5-5-11(b). It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest

Afternoon gentlemen (and I say that with a straight face).

Got thrown some possible change apps for Monte Miller. Wanting to add a small pivot on a quarter he just bought. When you get a chance, could you get me the base acres for:

6609 - **307**

7362 - **312**

21239 - **275**

23453 - **520**

26249 – 315 but only **260** acres additional to File No. 21239 when combined.

27703 – 152 but **0** additional, same acres under File No. 7362

Total base = **1674 total base combined acres.**

He had change apps approved on these in 2020, but that was just for a complete overlap at the time.

Thank you much.
