RE: Water Right, File No. 33,519
Nearby Owner Notification

On November 30, 2016, Darrell N & Natalie D Wood Rev Trusts filed an application for approval to change the authorized place of use for File No. 33519.

On December 5, 2016 two (2) surrounding well owners were notified of the proposed place of use change application.

Clinton Russell called on 12/7/16 to inquire about the notification letter he had received regarding Darrell Wood's change application for File No. 33519. I explained that this was an application to change the place of use and there would be no changes to the point of diversion, including rate or quantity. He expressed no other concerns at the time of the call.

No other nearby owners called the Field Office or submitted comments in writing.

This application can be moved on to GMD #5 for further review and recommendation.

RE: Water Right File Nos. 28124 & 33519
Change in the Place of Use

Dear Mr. Saryerwinnie,

Big Bend Groundwater Management District #5 has reviewed the above referenced application to change the place of use. It is the understanding of the District that this change is intended to provide more efficient irrigation of the authorized acres while not increasing the net irrigated acres. Therefore, the application appears to be consistent with 5-25-20(b) and is recommended for approval.

The application to change is subject to the District's well equipment regulation K.A.R. 5-25-5 for a required flow meter.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril
Manager

Gosh, I am just really not clicking on this today.

Here is an additional Deed from Ken to Darrell. I apologize for the multiple messages (and the numerous attachments you did not need).

Thank you,
Erin

Erin,

Thank you.

If I am reading the attached document correctly, this is only including the "North 15.384615 acres of the Northeast Quarter (NE ¼)". Is there a corresponding document for the remainder of the NE ¼ of Sec. 29-25-16?
