1. Give to Applicant:

- a. Original application/approval
- b. Original receipt (one for each application)
- c. Information packet containing:
- Notice and Proof form
- Water Meter Specifications
- Acceptable Meter list
- Water level measurement tube specifications
- Check Valve specifications
- Pink Sheet K.S.A. 82a-728 letter
- Form stating to record in Register of Deeds Office (OPTIONAL AS NEEDED)

GENERAL INSTRUCTIONS

- 2. Send to headquarters:
- a. Good, <u>scannable</u> copy of application and/or approval and this check sheet
- b. Original check and copy of receipt
- c. Test hole log
- d. GMD recommendation, if any
- e. Map or aerial photograph, if any
- Send to KDHE: Letter (KDHE.LT) advising of location of abandoned well.

CONDITIONS

- 1. Insert notice and proof date.
- 2. Type or print applicant's/owner's name on line.
- 3. Complete notary statement.

- Date stamp received and approved.
- 5. Complete ownership and WUC change information.

SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS

pro	s Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-5-1, et seq. and other applicable visions of the Kansas Water Appropriation Law, K.S.A. 82a-701 et. seq., and rules and regulations promulgated thereunder, in the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions limitations of File No
1.	A change application was received on 3/16/17 requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
2.	On and after the effective date of this summary order, the authorized place(s) of use shall be located substantially as shown on the topographic map accompanying the application to change the place of use. Applicable Not Applicable
3.	The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a 300 foot radius of the authorized point(s) of diversion. Applicable Not Applicable
4.	The point(s) of diversion authorized herein shall not actually be located more than authorized point(s) of diversion. Applicable Solution Not Applicable
5.	As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13.
6.	The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2017 , or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year. ✓ Applicable □ Not Applicable
7.	Installation of the works for diversion of water shall be completed on or before December 31, 2017, or within any authorized extension of time. By March 1, 2018, the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e. Applicable Not Applicable
8.	The completed well log shall be submitted with the required notice. Applicable Not Applicable
9.	All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c. Applicable Not Applicable
10.	Additional Conditions are attached. ☐ Yes ☑ No
11.	In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the <i>Kansas Water Appropriation Law</i> and the <i>Rules and Regulations</i> promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.
	Administrative Appeal and Effective Date of Order FOR OFFICE USE ONLY

Orrin,

I have attached a cover letter and copies of two (2) change applications for GMD recommendation. I have also included a memorandum outlining the responses received. Please provide the GMD recommendation by no later than September 29, 2017.

Please let me know if you are needing anything else, or have any questions.

Thank you,

Tyler

RE: Vested Right File No. RN008 Water Right File No. 19683 Change in the Point of Diversion

Dear Mr. Saryerwinnie,

Big Bend Groundwater Management District #5 has reviewed the above referenced application to change the point of diversion. Based upon information received in the District office, the application appears to be consistent with 5-25-20(b) and is therefore recommended for approval.

The application to change is subject to the District's well equipment regulation K.A.R. 5-25-5 for a required flow meter.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril Manager

RE: Point of Diversion Change Applications, File Nos. RN 08 & 19683

Dear Mr. Feril,

We are enclosing copies of the applications, as referenced above, for your review and recommendation. At this time the applications appear to be in proper form. Notification letters were sent to all nearby well owners shown on the application map. These owners were given a 15 day comment period; two responses were received.

This office will delay any further action on this file for a period of 15 business days from the date of this letter to allow you time to submit your recommendation concerning the applications. Please submit your recommendation within the allotted time, or any authorized extension of time thereof.

If you have any questions, please feel free to contact the office.

Sincerely,

Tyler Saryerwinnnie **Environmental Scientist** Stafford Field Office tyler.saryerwinnie@ks.gov

TO: Files DATE: September 6, 2017

FROM: Tyler Saryerwinnie RE: Water Right, File Nos. RN 08 & 19683

Notification Responses

On August 25, 2017, five (5) surrounding well owners were notified of the proposed point of diversion change applications filed by The City of Turon and they were given with a fifteen (15) day deadline to submit comments to the Field Office.

On September 1, 2017 the letter sent to Mr. Everett Cranmer using the address provided on the application map was returned to the Stafford Field Office with the postal code "ANK-Attempted Not Known, Unable to Forward". Upon further review, it was determined that Mr. Cranmer's domestic well was included with the original application map. After the applicant revised the proposed point of diversion location, the property owned by Mr. Cranmer no longer falls within the half mile notification boundary and no further attempt was made to contact Mr. Cranmer.

On August 31, 2017, Courtney Miller called the Stafford Field Office regarding the nearby owner notification letter sent on August 25, 2017. Elizabeth Fitch spoke with Mr. Miller and explained the notification process and the proposed change in point of diversion. He indicated that he had no problems with the proposed changes.

On August 8, 2017, Arden Vernon called to inform the Stafford Field Office that he received a nearby notification letter and he had no objection with the proposed change application. He went on to say that he did not think it would affect his windmill; the other City well was closer and he has not seen any influence.

No other nearby owners called the Field Office or submitted comments in writing.

This application can be moved on the GMD #5 for further review and recommendation.

RE: Water Right, File No(s). RN 08 & 19,683

Dear Water-User,

This is to advise you that The City of Turon, KS has filed applications for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion under the above referenced file number(s). You are being notified of the proposed change because it appears you have a groundwater well within one-half mile of the proposed point of diversion. As such, you may provide this office any comments or other information you may want to submit regarding the proposed change. Such comments or other information must be received in this office within 15 days of the date of this letter, or any authorized extension of time.

You can find the complete application posted by the water right file number(s) as referenced above at www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices. If you do not have access to the internet and would like a copy of the application, please contact the Stafford Field Office. If you have any additional questions about the application, please contact the Stafford Field Office at (620) 234-5311.

Sincerely,
