DWR FIELD OFFICE APPLICATION FOR APPROVAL TO CHANGE THE PLACE OF USE AND/OR THE POINT OF DIVERSION WATER METER REQUIRED

STATE OF KANSAS

Filing Fee Must Accompany the Application, K.S.A. 82a-708b(b), as amended.
 Fee Schedule is on the third page of this application form.

Paragraph Nos. 1, 2, 3 & 5 must be completed. Complete all other applicable portions. If change in point of diversion is greater than 100 feet, or if place of use will be changed, include a topographic map or detailed plat showing the authorized and proposed point(s) of diversion and/or place of use.

 One in the _____ Quarter of the _____ Quarter of the _____ Quarter of Section _____, Township _____ South, Range _____ (EW), in _____ County, Kansas, _____ feet North _____ feet West of Southeast corner of section. Proposed Rate _____ Proposed Quantity _____ Proposed well depth (feet) _____
 This point is: Additional Well Geo Center List other water rights that will use this point _____

7. The changes herein are desired for the following reasons?
 (please be specific) Old well is failing and pumping sand

8. If a well, is the test hole log attached? Yes No

9. The change(s) (was)(will be) completed by?
WENINGER DRILLING, INC

10. If the point of diversion is a well:
 (a) What are you going to do with the old well?
OLD WELL HAS BEEN PLUGGED

(b) When will this be done? COMPLETED ON 08/24/18

11. Groundwater Management District recommendation attached? Yes No

12. Assisted by TJS - SFFO

13a. If the proposed point of diversion will be relocated more than 300 feet but within 2,640 feet of the existing point of diversion, attach a topographic map or aerial photograph. For groundwater sources, show all wells (including domestic) within one-half mile of the proposed point of diversion and the names and mailing addresses of the owners. For surface water sources, show the names and addresses of the landowner(s) one-half mile downstream and one-half mile upstream from your property lines
 * TJS - SFFO

13b. If the proposed point of diversion will be relocated within 300 feet of the existing point of diversion, indicate its location on the diagram shown above in relation to the existing point of diversion. (PLEASE NOTE: The "X" in center of diagram above represents the presently authorized point of diversion.)

OCT 05 2018

File No. 34268

Stafford Field Office
 DIVISION OF WATER RESOURCES

14. If the proposed groundwater point of diversion is 300 or fewer feet from the existing point of diversion, complete the following:
- (a) Does the undersigned represent all owners of the currently authorized place(s) of use identified in this application?
 Yes No (If no, all owners must sign this application.)
 - (b) Will the ownership interest of any owner of the currently authorized place(s) of use identified in this application be adversely affected if this application is approved as requested?
 Yes No (If yes, all owners must sign this application.)
 - (c) If this application is not approved expeditiously, will there be substantial damage to property, public health or safety?
 Yes No (If no, all owners must sign this application.)

If the application proposes a surface water change in point of diversion, a groundwater change in point of diversion greater than 300 feet, or a change in place of use, the application must be signed by all owners of the currently authorized place of use, or their duly authorized agent (attach notarized statement authorizing representation).

I hereby verify, being first duly sworn upon my oath or affirmation and under penalty of perjury, that I am of lawful age and the owner, the spouse of the owner, or a duly authorized agent of the owner(s) to make this application on their behalf, in regards to the water right(s) to which this application pertains. I further verify that the statements contained in this application are true, correct and complete.

Dated at Wichita, Kansas, this 12 day of September, 2018.

SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS

This Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-5-1, *et seq.* and other applicable provisions of the *Kansas Water Appropriation Law, K.S.A. 82a-701 et. seq.*, and rules and regulations promulgated thereunder. With the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions and limitations of File No. 34268.

1. A change application was received on 10/5/2018 requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
2. On and after the effective date of this summary order, the authorized place(s) of use shall be located substantially as shown on the topographic map accompanying the application to change the place of use. Applicable Not Applicable
3. The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a 50 foot radius of the authorized point(s) of diversion. Applicable Not Applicable
4. The point(s) of diversion described herein is administratively corrected to be more accurately described using the Global Positioning System (GPS), as described in the application. Applicable Not Applicable
5. The point(s) of diversion authorized herein shall not actually be located more than 80 feet from the previously authorized point(s) of diversion. Applicable Not Applicable
6. As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13. Applicable Not Applicable
7. **The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2018**, or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year. Applicable Not Applicable
8. **Installation of the works for diversion of water shall be completed on or before December 31, 2018**, or within any authorized extension of time. By March 1, 2019 the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e. Applicable Not Applicable
9. **The completed well log shall be submitted with the required notice.** Applicable Not Applicable
10. All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c. Applicable Not Applicable
11. Additional Conditions are attached. Yes No
12. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the *Kansas Water Appropriation Law* and the *Rules and Regulations* promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

Administrative Appeal and Effective Date of Order

If you are aggrieved by this order, pursuant to K.S.A. 82a-1901, you may request an evidentiary hearing before the Chief Engineer or request administrative review by the Secretary of Agriculture. A request for hearing by the Chief Engineer must be filed within **15 days** of service of this Order and a request for administrative review by the Secretary must be filed within **30 days** pursuant to K.S.A. 77-531. Any request for administrative review must state a basis for review pursuant to K.S.A. 77-527. File any request with **Kansas Department of Agriculture, Legal Division, 1320 Research Park Drive, Manhattan, KS 66502**. Failure to timely request a hearing or review may preclude review under the Kansas Judicial Review Act.

Re: Water Right, File No(s). 34268

Dear Water Right Owner:

Enclosed is the order executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number(s).

Your attention is directed to the enclosures and to the terms, conditions and limitations specified in this approval for change. An acceptable water flow meter must be installed on your well before any water is applied as authorized under this change approval. A copy of the approved list of Certified Water Flowmeters as well as the regulations regarding the installation of flowmeters, measurement tubes and check valves can be found at <http://agriculture.ks.gov/divisions-programs/dwr/water-appropriation/water-flowmeters>. If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Since this order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

This order requires that a notice and completion of works form be submitted once the diversion works are completed, including a properly installed flowmeter. This form is available at the referenced website.

Any abandoned well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment.

Should you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Jeff Lanterman
Water Commissioner

RE: Water Right #34,268
Point of Diversion Application Change
Dwight D. Eisenhower National Airport
Wichita, Kansas

Dear Cameron,

Attached, please find our completed Application For Approval To Change-Point of Diversion regarding water Right 34,268. As requested in your email received on September 11, 2018, we have included the WWC-5 abandonment / new well install documentation. Additionally, please find our enclosed check in the amount of \$100.00 for the new application fee which was also referenced in your email.

If you have any questions or desire additional information, please contact me at your earliest convenience.

Sincerely,

Rick Stone, PG
Environmental Services Manager
Wichita Airport Authority

Subject: RE: File No. 34268, No meter installed-NONC-CD
Attachments: 34268.Change App.pdf

Rick, I have attached a partially completed Application for Approval to Change the Point of Diversion for the referenced File Number. Please complete the highlighted blanks on page 2 of the application as well as the proposed well depth under #5 on page 2. Once complete, please have an authorized representative of the water right sign page 3 of the application in the presence of a notary public.

Please send the completed and signed change application back to the Stafford Field Office with a check for \$100 made payable to the Kansas Department of Agriculture as soon as possible so we can work towards approving the location of the new well.

Per the email chain (the highlighted portion of the 8/29/17 email), you needed to file this change application before the new well was relocated. This isn't a huge deal right now, but please get this application back to our office ASAP.

Let me know if you have any questions. Thanks,

Cameron R. Conant
Assistant Water Commissioner
Kansas Department of Agriculture-DWR
Stafford Field Office

*I called Rick on 9/13/18. He said the app is signed, filled out, & in downtown Wichita to get the \$100 check. We should have it shortly.

EXTERNAL: This email originated from outside of the organization. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Dear Cameron,

This email is to notify the Department that the well (regarding File No. 34,268) has been abandoned and relocated. The new location is approximately 30.0' west to the former location. The meter described in the below conversations was installed on this new installation; pumping activity to date has been only to satisfy development and operational proving procedures. The well is operational, however, the WAA has chosen to leave it "off" at this point given the time of year. WWC-5 abandonment / new well completion documents should be available on digital file shortly.

Will this new well need to be included in this year's reporting criteria? Let me know if you need anything from me specifically.

Sincerely,

Rick Stone

Thank you Rick, I'll make sure the picture is incorporated into the file. The NONC-CD will be sent tomorrow so I'd be expecting it early next week. Please stay in touch with us about the possible well re-drill or if you should choose to equip the existing well with the meter you have already purchased. Thanks,

Subject: File No. 34268, No meter installed-NONC-CD

Rick, I wanted to summarize our conversation this morning. We discussed that the deadline to install a meter was September 1, 2017. You noted that you have the meter but don't want to install it at this time as you hope to gain authorization to re-drill this well in the next few months. You didn't want to put money into the installation for a well you didn't plan to use in the immediate future and on a setup that you hope to re-drill in the near future. We both were in agreement that a Notice of Non-Compliance with a directive to Cease Diversion (NONC-CD) until a meter is properly installed was a reasonable step to take given the circumstances you are dealing with.

At the end of the week, I'll be sending a Notice of Non-Compliance with a directive to Cease Diversion from the well authorized by Water Right, File No. 34,268. This well should not be pumped until an approved water flowmeter has been properly installed at the well. After installation, please contact our office so that we can either check the installation or give verbal permission to operate again.

We discussed that the current well is failing and pumping sand. You were going to try to gain approval to re-drill the well in close proximity to the existing well (<100' move is a quick process and a \$100 application fee). Once you have approval to do that, please contact the Stafford Field Office and we can assist you with the change application.

To be clear, once you receive the NONC-CD no water should be pumped from the existing well until the meter has been properly installed and our office has been contacted to vacate the directive to cease diversion. Please let me know if you have any questions. Thanks,

Cameron R. Conant
