7. The changes herein are desired for the following reasons?  
 (please be specific) Current well is failing

8. If a well, is the test hole log attached?  Yes  No

9. The change(s) ~~was~~ (will be) completed by?  
March 2019

10. If the point of diversion is a well:  
 (a) What are you going to do with the old well?  
plug it  
 (b) When will this be done? when new well drilled

11. Groundwater Management District recommendation attached?  
 Yes  No 1/29/2019 TJS-SFFO

12. Assisted by EKF/SFFO

13a. If the proposed point of diversion will be relocated more than 300 feet but within 2,640 feet of the existing point of diversion, attach a topographic map or aerial photograph. For groundwater sources, show all wells (including domestic) within one-half mile of the proposed point of diversion and the names and mailing addresses of the owners. For surface water sources, show the names and addresses of the landowner(s) one-half mile downstream and one-half mile upstream from your property lines

13b. If the proposed point of diversion will be relocated within 300 feet of the existing point of diversion, indicate its location on the diagram shown above in relation to the existing point of diversion. (PLEASE NOTE: The "X" in center of diagram above represents the presently authorized point of diversion.)

RECEIVED

DEC 31 2018

14. If the proposed groundwater point of diversion is 300 or fewer feet from the existing point of diversion, complete the following:
- (a) Does the undersigned represent all owners of the currently authorized place(s) of use identified in this application?  
 Yes     No    (If no, all owners must sign this application.)
  - (b) Will the ownership interest of any owner of the currently authorized place(s) of use identified in this application be adversely affected if this application is approved as requested?  
 Yes     No    (If yes, all owners must sign this application.)
  - (c) If this application is not approved expeditiously, will there be substantial damage to property, public health or safety?  
 Yes     No    (If no, all owners must sign this application.)

If the application proposes a surface water change in point of diversion, a groundwater change in point of diversion greater than 300 feet, or a change in place of use, the application must be signed by all owners of the currently authorized place of use, or their duly authorized agent (attach notarized statement authorizing representation).

I hereby verify, being first duly sworn upon my oath or affirmation and under penalty of perjury, that I am of lawful age and the owner, the spouse of the owner, or a duly authorized agent of the owner(s) to make this application on their behalf, in regards to the water right(s) to which this application pertains. I further verify that the statements contained in this application are true, correct and complete.

Dated at Great Bend, Kansas, this 27<sup>th</sup> day of December, 2018.

**ONLY COMPLETE APPLICATIONS WILL BE PROCESSED.** To be complete, all of the applicable portions of the application form must be completed with accurate information; maps, if necessary, must be included; signatures of all the appropriate owners' must be affixed to the application and notarized; and the appropriate fee must be paid.

**FEE SCHEDULE**

Each application to change the place of use or the point of diversion under this section shall be accompanied by the application fee set forth in the schedule below: Make checks payable to: **Kansas Department of Agriculture**

- (1) Application to change a point of diversion 300 feet or less ..... \$100
- (2) Application to change a point of diversion more than 300 feet ..... \$200
- (3) Application to change the place of use ..... \$200

RECEIVED

DEC 31 2018    File No. 35591

**SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS**

This Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-5-1, *et seq.* and other applicable provisions of the *Kansas Water Appropriation Law*, K.S.A. 82a-701 *et seq.*, and rules and regulations promulgated thereunder, With the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions and limitations of File No. 35591

1. A change application was received on December 31, 2018 requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
2. On and after the effective date of this summary order, the authorized place(s) of use shall be located substantially as shown on the topographic map accompanying the application to change the place of use.  Applicable  Not Applicable
3. The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a 300 foot radius of the authorized point(s) of diversion.  Applicable  Not Applicable
4. The point(s) of diversion described herein is administratively corrected to be more accurately described using the Global Positioning System (GPS), as described in the application.  Applicable  Not Applicable
5. The point(s) of diversion authorized herein shall not actually be located more than 1,270 feet from the previously authorized point(s) of diversion.  Applicable  Not Applicable
6. As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13.  Applicable  Not Applicable
7. **The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2019**, or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year.  Applicable  Not Applicable
8. **Installation of the works for diversion of water shall be completed on or before December 31, 2019**, or within any authorized extension of time. By March 1, 2020 the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e.  Applicable  Not Applicable
9. **The completed well log shall be submitted with the required notice.**  Applicable  Not Applicable
10. All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c.  Applicable  Not Applicable
11. Additional Conditions are attached.  Yes  No
12. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the *Kansas Water Appropriation Law* and the *Rules and Regulations* promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

**Administrative Appeal and Effective Date of Order**

If you are aggrieved by this order, pursuant to K.S.A. 82a-1901, you may request an evidentiary hearing before the Chief Engineer or request administrative review by the Secretary of Agriculture. A request for hearing by the Chief Engineer must be filed within **15 days** of service of this Order and a request for administrative review by the Secretary must be filed within **30 days** pursuant to K.S.A. 77-531. Any request for administrative review must state a basis for review pursuant to K.S.A. 77-527. File any request with **Kansas Department of Agriculture, Legal Division, 1320 Research Park Drive, Manhattan, KS 66502**. Failure to timely request a hearing or review may preclude review under the Kansas Judicial Review Act.

Re: Water Right, File No(s). 35591

Dear Water Right Owner:

Enclosed is the order executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number(s).

Your attention is directed to the enclosures and to the terms, conditions and limitations specified in this approval for change. An acceptable water flow meter must be installed on your well before any water is applied as authorized under this change approval. A copy of the approved list of Certified Water Flowmeters as well as the regulations regarding the installation of flowmeters, measurement tubes and check valves can be found at <http://agriculture.ks.gov/divisions-programs/dwr/water-appropriation/water-flowmeters>. If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Since this order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

This order requires that a notice and completion of works form be submitted once the diversion works are completed, including a properly installed flowmeter. This form is available at the referenced website.

Any abandoned well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment.

Should you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Lanterman".

Jeff Lanterman  
Water Commissioner

Tyler, I received a call from Mr. James Gregory. Mr. Gregory is a nearby domestic well owner living in the town of Heizer.

I explained the proposed change application to Mr. Gregory as well as the reason he was notified. I explained that this was not allowing more water or additional wells, the well depth was the same, and the old well was ~2100' from the nearest home in Heizer and the new well would be ~1800' from the nearest home in Heizer. I explained DWR's spacing requirements, ect.

Mr. Gregory said he moved to this home in 1999 and the well was in place at that time. He has never done any work to it, doesn't know the depth, and doesn't know when it was drilled or where the pump is set. Mr. Gregory said back in 2011 and 2012 when the drought was going on, his well seemed to have some issues during that time he presumed b/c of the lowered water table. He said the quality of water has gotten worse over the years, he doesn't drink the water but does use it for all other household purposes.

Mr. Gregory's number is (913) 424-9977. We don't need to call him and he won't send in a written response.

Tyler, I received a call from Mrs. Patricia Oborny. Mrs. Oborny is a nearby domestic well owner living in Heizer (actually living in Herbert Harms old house).

I explained what was going on with the pending change application. Mrs. Oborny had no concerns to speak of, she just wanted to make sure she understood what was being proposed.

Mrs. Oborny's number is (620) 617-7173. We don't need to call her back and she won't send in a written response.

Tyler, I received a call from Rose Marie Lang. Rose Marie noted they have a domestic well in the area for household purposes and they also have a manufacturing business called Strecker Machine where they use CNC equipment which requires water and they utilize the same well for this purpose.

I explained the pending change application and what was going on with it. Rose Marie said she is likely against the change. They have had water quality issues for a long time, at least since they moved there in 1981. She said when the irrigation wells turn on they begin to have minerals, rust, and a rotten eggs smell in the water. They have to filter and treat it for domestic use and they have to use additives for the CNC machines. She said the well they use was drilled in 1982 to a depth of 47'. Rose Marie said they have had the water tested by a place out of Dodge City several times in the past. I asked if they had problems with the well losing production or going dry, they have never had that issue, just quality concerns.

I explained to Rose Marie that the proposed change is only moving about 300' closer to the town and that there are other irrigation wells closer to town than this one so it would be difficult to single this one out as the primary problem. I also said that we have rules and regs in place that we need to follow providing they don't impair other senior uses. In this case, without additional scientific evidence showing that a net change of 300' will impair and make worse the conditions she has been experiencing, we will likely approve the change. I further explained that I would summarize her concerns and our discussion but that she is more than welcome to also send in a written response so she can get her concerns on record as well as this summary. I encouraged her to also send in any well and quality analysis information she might have if she does send in a written response.

She will likely submit a written response. If needed her number is (620) 793-7128.

Cameron,

I wanted to document a phone call for your review of the point of diversion change filed under Water Right No. 35591. The call was received on January 18, 2019 after the comment deadline had passed so it was not included in the information sent to GMD 5. Susan Koerner (Sp?) called representing her mother who received a nearby notification letter that was mailed on January 2, 2019. Her mother resides in a nursing home and Susan is the POA. Susan was just wanting some clarification on the proposed change and had no concerns regarding the move after our discussion.

Thanks  
Tyler

Orrin,

I have attached a cover letter and a copy of one (1) point of diversion application for GMD recommendation. Twenty-Five (25) notification letters were sent and four phone responses were received. I have included emails from DWR staff which document these phone conversations (note that we did not receive any written responses). Please provide the GMD recommendation by no later than February 8, 2019.

Please let me know if you are needing anything else, or have any questions.

Thank you,

Tyler

RE: Point of Diversion Change Application, File No. 35,591

Dear Mr. Feril,

We are enclosing a copy of the application, as referenced above, for your review and recommendation. At this time the application appears to be in proper form. Notification letters were sent to all nearby well owners shown on the application map. These owners were given a 15 day comment period; four responses were received.

This office will delay any further action on this file for a period of 15 business days from the date of this letter to allow you time to submit your recommendations concerning the application. Please submit your recommendation within the allotted time, or any authorized extension of time thereof.

If you have any questions, please feel free to contact the office.

Sincerely,

A handwritten signature in black ink, appearing to read "Tyler Saryerwinnie". The signature is written in a cursive style and is followed by a horizontal line.

RE: Water Right File No. 35591  
Change in the Point of Diversion

Dear Mr. Saryerwinnie,

Big Bend Groundwater Management District #5 has reviewed the above referenced application to change the point of diversion. It is the understanding of the District that this change is replace an existing well that is failing. Based upon information received in the District office, the application appears to be consistent with 5-25-20(b) and is therefore recommended for approval.

The application to change is subject to the District's well equipment regulation K.A.R. 5-25-5 for a required flow meter.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril  
Manager

RE: Water Right, File No(s). 35591

Dear Well Owner,

This is to advise you that Herbert Harms on behalf of the Harms Family Revocable Trust has filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion under the above referenced file number(s). You are being notified of the proposed change because it appears you have a groundwater well within one-half mile of the proposed point of diversion. As such, you may provide this office any comments or other information you may want to submit regarding the proposed change. Such comments or other information must be received in this office within 15 days of the date of this letter, or any authorized extension of time.

You can find the complete application posted by the water right file number(s) as referenced above at [www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices](http://www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices). If you do not have access to the internet and would like a copy of the application, please contact the Stafford Field Office. If you have any additional questions about the application, please contact the Stafford Field Office at (620) 234-5311.

Sincerely,

A handwritten signature in cursive script that reads "Cameron R. Conant".

RE: Water Right, File No(s). 35591

Dear Well Owner,

This is to advise you that Herbert Harms on behalf of the Harms Family Revocable Trust has filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion under the above referenced file number(s). You are being notified of the proposed change because it appears you have a groundwater well within one-half mile of the proposed point of diversion. As such, you may provide this office any comments or other information you may want to submit regarding the proposed change. Such comments or other information must be received in this office within 15 days of the date of this letter, or any authorized extension of time.

You can find the complete application posted by the water right file number(s) as referenced above at [www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices](http://www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices). If you do not have access to the internet and would like a copy of the application, please contact the Stafford Field Office. If you have any additional questions about the application, please contact the Stafford Field Office at (620) 234-5311.

Sincerely,

RE: Water Right, File No(s). 35591

Dear Well Owner,

This is to advise you that Herbert Harms on behalf of the Harms Family Revocable Trust has filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion under the above referenced file number(s). You are being notified of the proposed change because it appears you have a groundwater well within one-half mile of the proposed point of diversion. As such, you may provide this office any comments or other information you may want to submit regarding the proposed change. Such comments or other information must be received in this office within 15 days of the date of this letter, or any authorized extension of time.

You can find the complete application posted by the water right file number(s) as referenced above at [www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices](http://www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices). If you do not have access to the internet and would like a copy of the application, please contact the Stafford Field Office. If you have any additional questions about the application, please contact the Stafford Field Office at (620) 234-5311.

Sincerely,
