MEMORANDUM

TO: File

DATE: 9/20/2019

FROM: Tyler Saryerwinnie

RE: File No. 46,452

This is a memorandum regarding surrounding well owner notification on irrigation field office PU changes and pertains to decisions made during the Water Commissioner meeting which took place on 11/16/2016 with directive from Lane Letourneau Program Manager.

This is applicable to field office changes to increase the place of use by 10 acres or 10% (whichever is less) or a change in place of use to create a complete overlap in which no new acres are being irrigated.

During that meeting it was determined that no surrounding well owner notification will be sent under this type of Place of Use change. All well rates and quantities will remain unchanged and the referenced change will not cause impairment or impact surrounding well owners.

The change in place of use filed on 9/18/2019 for the above referenced file meets this criteria and surrounding well owners will not be notified.

Subject: P/U Change App - File No. 46452

Hey Charlotte,

We have received a PU change to correct illegal acres on File No. 46452 (Brian & Rachel Priest, Cowley Co). It looks like a pro-cert was sent up to you guys and Elizabeth thought I should coordinate with you to sync up the approvals.

This file is not in a GMD so processing will go fairly quick on our end. I plan to accept the change and do an advance copy, then hold on processing until I hear word from HQ on the certification. Does this work for you guys?

Thanks
Tyler
