WATER WELL SPACING CONSENT FORM

K.A.R. 5-22-2(e)(4)

I, Harold D. and/or Pearl L. Zerger (Name Domestic Water Well Owner), own a domestic well at 1674 Cherokee Rd (Address), Moundridge (City), KS (State), 67107 (Postal Code), 620-345-8372 (Telephone), to supply water for domestic needs and use. That said water well was drilled and constructed on 12 (MM) / 19 (DD) / 1997 (YYYY).

I understand and acknowledge that Larry L. Stucky (Applicant Name) has either filed a change in point of diversion application on existing water permit #_____ or new application #_____ for a water permit to withdraw or appropriate groundwater for non-domestic beneficial use.

That the application described the location of a proposed non-domestic water well or water well battery in the NE 1/4 SW 1/4 SE 1/4 of Section 11, Township 21 South, Range 3 West, McPherson County, and will allow the withdrawal of 73 acre-feet per year at 800 gallons per minute for irrigation use.

The applicant has informed me that the proposed non-domestic water well or water well battery is within the minimum required spacing interval of 660 or 960 feet, respectively, of my domestic well.

Having full knowledge of the above and without waiving any right to file an impairment complaint with the Chief Engineer, Division of Water Resources, I grant my permission to locate said well or well battery less than the minimum required spacing interval from my domestic well.

Minimum Desirable Streamflow

I understand that a Minimum Desirable Streamflow requirement has been established by the legislature for the source of supply to which the above referenced application applies.

I understand that diversion of water pursuant to this application will be subject to regulation any time Minimum Desirable Streamflow requirements are not being met.

I also understand that if this application is approved, there could be times, as determined by the Division of Water Resources, when I would not be allowed to divert water. I realize that this could affect the economics of my decision to appropriate water.

I am aware of the above factors, and with the knowledge thereof, request that the Division of Water Resources proceed with processing and approval, if possible, of the above referenced application.
