Re: Vested Water Right and Water Rights, File Nos. PL-16; 219; & 3,130

Dear Mr. Nelson:

Enclosed are three (3) orders executed by David W. Barfield, Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the terms, conditions, and limitations specified in these approvals for change. Also, the approval of the orders does require the installation of a water flow meter(s) on the point(s) of diversion authorized under the above file numbers by **December 31, 2017**. Please complete and return the enclosed Notice(s) of Completion of Diversion Works when a water flow meter has been installed. A copy of the Chief Engineer's specifications for the water flow meters is found in K.A.R. 5-1-4 through K.A.R. 5-1-12, along with a partial list of those flow meters found to be acceptable for installation in Kansas can be found on our website at the following web address: <http://agriculture.ks.gov/meters>

Please note that all meters must be installed and maintained in accordance with the specifications for water flow meters referenced above.

The abandoned water well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment (KDHE). If the well is to be retained by the landowner for other purposes, a copy of the legal transfer of responsibility for maintenance of the well must be forwarded to KDHE Geology Section, 1000 SW Jackson, Suite 420, Topeka, Kansas 66612, telephone number (785) 296-5524. More information is available online at: <http://kdheks.gov/waterwell>

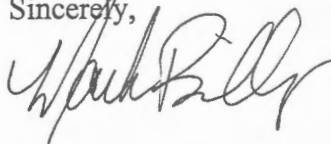

Since these orders modify the original certificates, they should be recorded with the Register of Deeds just as other legal documents affecting real estate. Such records are maintained at the Register of Deeds Office in the county wherein the place of use is located.

**These documents are summary orders by this agency regarding this matter.** These orders shall become final if a request for a hearing is not filed with the Chief Engineer within 15 days of the date of service of this order.
