RE: Water Right
File Nos. 6,236; 9,072 and 11,504

Tony M. and Anita Horinek, on behalf of Tony M. and Anita M. Horinek Trusts, Randy Topliff, on behalf of Topliff Revocable Trust, and John and Carol Topliff, have filed applications for approval to change the authorized place of use and reduction in place of use requests under the referenced files, authorized groundwater for irrigation use in the Sappa Creek drainage basin.

The referenced water rights do not appear abandoned as per K.S.A. 82a-718.

Water Right, File Nos. 6,236, 9,072 and 11,504 are authorized a limited total of 892 acre-feet per calendar year for irrigation of the same 610 acres located in Sections 33, 34, and 35, Township 8 South, Range 40 West, Sherman County, Kansas. File No. 6,236 is authorized a blanket quantity and diversion rate of 400 acre-feet per calendar year and 1,000 gallons per minute from two wells. The wells are overlapped by File No. 9,072 which is authorized a limited blanket quantity of 630 acre-feet when combined with File No. 6,236 and blanket rate of 1,460 gallons per minute. File No. 11,504 is authorized one well with no overlaps and is authorized 560 acre-feet and 1,235 gallons per minute limited to 892 acre-feet when combined with File Nos. 6,236 and 9,072. The referenced water rights are currently subject to a rotation of acres in accordance with K.A.R. 5-5-11(b)(4); *Rotation of the irrigated land within the authorized place of use*. The water right owners request to remove the land rotation, and to drop and add new acres in the Northwest Quarter of Section 34, reducing the overall acreage from 610 acres to 460 acres. Individual and combined base acres for the referenced file numbers is 451 acres so the applications comply with K.A.R. 5-5-11. The proposal removes land owned by the Topliffs.

The net irrigation requirement for the 50% chance of rainfall in Sherman County (1.18') with 85% efficiency is 1.39 acre-feet/acre. The total quantity of water authorized by the above referenced file numbers, 892 acre-feet, can irrigate the proposed 460 acres with 1.94 acre-feet/acre, which appears reasonable.

The only wells within one-half mile of the authorized points of diversion are under common ownership based on the map and WRIS, so no nearby well owner notices were sent.

The same local source of supply will not change, previously determined to be Ogallala Formation (211).

In a letter dated March 11, 2019, Ray Luhman, Manager of Northwest Kansas Groundwater Management District No. 4, recommended approval of the referenced applications.

In an e-mail dated May 6, 2019, Kelly Stewart, Water Commissioner of the Stockton Field Office stated that he has no objection to the approval of the referenced applications.

Water flow meters are required. Check valves are required if chemigating.

Based on the above discussion, that the change is reasonable, that impairment to existing water rights is unlikely and that no change in the local source of supply will occur, it is recommended the referenced applications be approved.

RE: Water Right, File Nos. 6,236; 9,072 and 11,504

Dear Mr. and Mrs. Horinek:

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in these approvals for change. A condition of these approvals is that acceptable water flow meters must be installed on the diversion works authorized under the referenced file numbers. Please return the required notification of completion of the diversion works and/or installation of the required meters as soon as these actions are completed.

Since the orders modify the original documents referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

If you have any questions, please contact this office. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

Brent A. Turney, P.G.

DIVISION OF WATER RESOURCES
David W. Barfield, Chief Engineer

APPROVAL OF APPLICATION FOR CHANGE IN PLACE OF USE WATER RIGHT FILE NO. 9,072

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of Tony M. Horinek, on behalf of Tony M. Horinek Trust, Anita Horinek, on behalf of Anita M. Horinek Trust, 1980 County Road 13, Colby, Kansas 67701, Randy D. Topliff, on behalf of Topliff Revocable Trust, 607 Kansas, Goodland, Kansas 67735, and John and Carol Topliff, 6250 Road 17, Goodland, Kansas 67735, received in this office on March 8, 2019, for approval of a change in the location of the place of use under the certificate of appropriation issued pursuant to the permit to appropriate water for beneficial use, as modified and amended by the Findings and Order of the Chief Engineer dated March 5, 1980, establishing the ten acre tracts upon which the points of diversion are located, and by the Order of the Chief Engineer dated June 21, 1995, approving the application to change the place of use, finds that the change is reasonable and will not impair existing rights, and that the application should be and is hereby approved.

This order effectively removes the additional limitations which established the land rotation as set forth by the Approval of Application for Change in Place of Use, Water Right, File No. 9,072, dated June 21, 1995.

The effective date of the change shall be the date this order is executed by the Chief Engineer, after which the authorized location of the irrigation place of use shall be:

Sec.	Twp.	Range	NE¼				NW¼				SW¼				SE¼				TOTAL ACRES

a total of 460.00 acres in Township 8 South, Range 40 West, Sherman County, Kansas,

located substantially as shown on the maps accompanying the application to change the place of use.

All diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 9,072, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated February 28, 1964, as modified and amended by the aforementioned orders.

RIGHT TO A HEARING AND TO ADMINISTRATIVE REVIEW

If you are aggrieved by this Order, then pursuant to K.S.A. 82a-1901, you may:

- 1) request an evidentiary hearing before the Chief Engineer, or
- 2) request administrative review by the Secretary of Agriculture.

Failure to request an evidentiary hearing before the Chief Engineer does not preclude your right to administrative review by the Secretary.

To obtain an evidentiary hearing before the Chief Engineer, a written request for hearing must be filed within 15 days after service of this Order as provided in K.S.A. 77-531 (i.e., within a total of 18 days after this Order was mailed to you), with the Kansas Department of Agriculture, Attn: Legal Section, 1320 Research Park Drive, Manhattan, Kansas 66502, or by FAX (785) 564-6777.

If you do not file a request for an evidentiary hearing before the Chief Engineer, you may petition for administrative review of the Order by the Secretary of Agriculture. A petition for review shall be in writing and state the basis for requesting administrative review. The request for review may be denied if the request fails to clearly establish factual or legal issues for review. See K.S.A. 77-527. The petition must be filed within 30 days after service of this Order as provided in K.S.A. 77-531 (i.e., within a total of 33 days after this Order was mailed to you), and be filed with the Secretary of Agriculture, Attn: Legal Division, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, or by FAX (785) 564-6777.

If neither a request for an evidentiary hearing nor a petition for administrative review is filed as set forth above, then this Order shall be effective and become a final agency action as defined in K.S.A. 77-607(b). Failure to timely request either an evidentiary hearing or administrative review may preclude further judicial review under the Kansas Judicial Review Act.

Any request for hearing or petition for administrative review shall be in writing and shall be submitted to the attention of: Chief Legal Counsel, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, Fax: (785) 564 - 6777.

12. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the *Kansas Water Appropriation Law* and the *Rules and Regulations* promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

Administrative Appeal and Effective Date of Order

If you are aggrieved by this order, pursuant to K.S.A. 82a-1901, you may request an evidentiary hearing before the Chief Engineer or request administrative review by the Secretary of Agriculture. A request for hearing by the Chief Engineer must be filed within **15 days** of service of this Order and a request for administrative review by the Secretary must be filed within **30 days** pursuant to K.S.A. 77-531. Any request for administrative review must state a basis for review pursuant to K.S.A. 77-527. File any request with **Kansas Department of Agriculture, Legal Division, 1320 Research Park Drive, Manhattan, KS 66502**. Failure to timely request a hearing or review may preclude review under the Kansas Judicial Review Act.

INSTRUCTIONS:

The request must be signed by each owner of the place of use authorized by the water right or permit and his or her spouse, if married. All water right or permit owners, including spouses, must sign this request for it to be valid. Unless the water right or permit has been legally severed from the authorized place of use, the owners of the water right or permit are the owners of the authorized place of use. Please indicate if there is no spouse. If land is being purchased under contract, the seller must sign as owner until such time as the contract is completed.

In the event that all owners cannot sign together in front of one notary public, they may, as necessary, sign appropriate copies of the request in front of any notary public conveniently available to them. All copies signed in this manner shall be accepted as valid parts of the request.

If the request is signed on behalf of any owner by someone with legal authority to do so (for example, an agent, one who has power of attorney, or an executor, executrix, conservator), it will be necessary to attach proper documents showing such authority.

I, the undersigned owner of this water right or permit declare that: (1) I am freely and voluntarily choosing to reduce the water right listed; and (2) I am waiving any rights to a hearing or an appeal that I may have had regarding the reduction of the water right listed.

I declare that I am an owner, as identified herein, or that I represent an owner, as identified herein, and am authorized to make this request on his or her behalf.

RE: File No 9072

Dear Sir or Madam:

An application for approval of the Chief Engineer to change the following condition or conditions of the file number referred to above has been received:

- place of use PU
- point of diversion
- use made of water

As a matter of record, the Division of Water Resources has on hand a large number of applications awaiting processing. Therefore, to be fair to all concerned, and so that we can process those applications on hand in the order they were received, we intend to concentrate on the backlog of applications until the issue is resolved. You will be contacted regarding this application as soon as it has been examined.

In accordance with the provisions of the Kansas Water Appropriation Act, a portion of which is included below, the use of water prior to approval of the application is unlawful. You should not proceed and divert water as indicated by your plans in your application for a change for this file until you receive approval for this change from the Chief Engineer. Once approved, compliance with the terms, conditions and limitations of the permit is necessary. Conservation of the water resources of Kansas is required.

Section 82a-728 of the Kansas Water Appropriation Act, provides (a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water in accordance with the provisions of the Water Appropriation Act or for any person to violate any condition of a vested right, appropriation right or an approved application for a permit to appropriate water for beneficial use.

(b) (1) The violation of any provision of this section by any person is a class C misdemeanor...

A class C misdemeanor is punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. Each day that the violation occurs constitutes a separate offense.

If you have any questions, please contact me at (785) 564-6645. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

Brent Tournay, L.G.
Change Applications Unit Supervisor
