# **NOTICE**

This scan only represents the application as filed. The information contained herein meets the requirements of K.A.R. 5-3-1 or K.A.R. 5-5-1, and has been found acceptable for filing in the office of the Chief Engineer. The application should not be considered to be a complete application as per K.A.R. 5-3-1b or K.A.R. 5-5-2a.

## KANSAS DEPARTMENT OF AGRICULTURE

Jackie McClaskey, Secretary of Agriculture

#### **DIVISION OF WATER RESOURCES**

David W. Barfield, Chief Engineer

File Number 5089

This item to be completed by the Division of Water Resources.

Water Resources Received

## APPLICATION FOR PERMIT TO APPROPRIATE WATER FOR BENEFICIAL USE

Filing Fee Must Accompany the Application (Please refer to Fee Schedule attached to this application form.)

JUL 16 2018 4:58 KS Dept Of Agriculture

To the Chief Engineer of the Division of Water Resources, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502:

1.	Name of Applicant (Please Print): <u>Harold D Mertz Trust</u> Address: <u>7280 Zeandale Rd</u>		
	City: Manhattan	State KS	Zip Code <u>66502</u>
	Telephone Number: (785) 456-3279 (cell)		
2.	The source of water is:   surface water in	(strea	ım)
	OR	(drainage	basin)
	Certain streams in Kansas have minimum target flows established when water is released from storage for use by water assurar to these regulations on the date we receive your application, and return to the Division of Water Resources.	nce district members	s. If your application is subject
3.	The maximum quantity of water desired is 80 acre	-feet OR	gallons per calendar year,
	to be diverted at a maximum rate of 800 gallons pe	er minute OR	cubic feet per second.
	Once your application has been assigned a priority, the requested quantity of water under that priority number can NC maximum rate of diversion and maximum quantity of water a project and are in agreement with the Division of Water Reso	<u>T</u> be increased. Pleare appropriate and	ease be certain your requested reasonable for your proposed
4.	The water is intended to be appropriated for (Check use intended	∍d):	
	(a) ☐ Artificial Recharge (b) ☑ Irrigation (c) ☐	Recreational	(d) ☐ Water Power
	(e) ☐ Industrial (f) ☐ Municipal (g) ☐	Stockwatering	(h) ☐ Sediment Control
	(i) ☐ Domestic (j) ☐ Dewatering (k) ☐	Hydraulic Dredging	g (I) ☐ Fire Protection
	(m) ☐ Thermal Exchange (n) ☐ Contamination Remediate	ion	
	YOU <u>MUST</u> COMPLETE AND ATTACH ADDITIONAL DIVISION OF WATE SUBSTANTIATE YOUR REQUEST FOR THE AMOUNT OF WATER FOR	ER RESOURCES FORM THE INTENDED USE RE	M(S) PROVIDING INFORMATION TO EFERENCED ABOVE.
r Offi D de	ice Use Only:  GMD	rce	By KAB Date 1 - 17 - 18 6 18 Check # 1048

showing the following information. On the topographic map, aerial photograph, or plat, identify the center of the section, the section lines or the section corners and show the appropriate section, township and range numbers. Also, please show the following information:  (a) The location of the proposed point(s) of diversion (wells, stream-bank installations, dams, or other diversion works) should be plotted as described in Paragraph No. 5 of the application, showing the North-South distance and the East-West distance from a section line or southeast corner of section.  (b) If the application is for groundwater, please show the location of any existing water wells of any kind within ½ mile of the proposed well or wells. Identify each existing well as to its use and furnish the name and mailing address of the property owner or owners. If there are no wells within ½ mile, please advise us.  (c) If the application is for surface water, the names and addresses of the landowner(s) ½ mile downstream and ½ mile upstream from your property lines must be shown.  (d) The location of the proposed place of use should be shown by crosshatching on the topographic map, aerial photograph or plat.  (e) Show the location of the pipelines, canals, reservoirs or other facilities for conveying water from the point of diversion to the place of use.  A 7.5 minute U.S.G.S. topographic map may be obtained by providing the section, township and range numbers to: Kansas Geological Survey, 1930 Constant, Campus West, University of Kansas, Lawrence, Kansas 66047.  12. List any application, appropriation of water, water right, or vested right file number that covers the same diversion points or any of the same place of use described in this application. Also list any other recent modifications made to existing permits or water rights in conjunction with the filing of this application.  None  Water Resources  Received	9.	Wil	I pesticide, fertilizer, or other foreign substance be injected into the water pumped from the diversion works?
If you are planning to impound water, please contact the Division of Water Resources for assistance, prior to submitting the application. Please attach a reservoir area capacity table and inform us of the total acres of surface drainage area above the reservoir.  Have you also made an application for a permit for construction of this dam and reservoir with the Division of Water Resources? ☐ Yes ☐ No  If yes, show the Water Structures permit number here ☐  If no, explain here why a Water Structures permit is not required ☐ not applicable  11. The application must be supplemented by a U.S.G.S. topographic map, aerial photograph or a detailed plat showing the following information. On the topographic map, aerial photograph, or plat, identify the center of the section, the section lines or the section corners and show the appropriate section, township and range numbers. Also, please show the following information:  (a) The location of the proposed point(s) of diversion (wells, stream-bank installations, dams, or other diversion works) should be plotted as described in Paragraph No. 5 of the application, showing the North-South distance and the East-West distance from a section line or southeast corner of section. #### **FEE SCHEDULE**

1. The fee for an application for a permit to appropriate water for beneficial use, except for domestic use, shall be (see paragraph No. 2 below if requesting storage):

ACRE-FEET	FEE
0-100	\$200.00
101-320	\$300.00
More than 320	\$300.00 plus \$20.00 for each additional 100 acre-feet or any part thereof.

2. The fee for an application in which storage is requested, except for domestic use, shall be:

ACRE-FEET	FEE	
*		
0-250	\$200.00	
More than 250	\$200.00	plus \$20.00 for each additional 250 acre-feet of storage or any part thereof.

Note: If an application requests both direct use *and* storage, the fee charged shall be as determined under No. 1 or No. 2 above, whichever is greater, but not both fees.

3. The fee for an application for a permit to appropriate water for water power or dewatering purposes shall be \$100.00 plus \$200.00 for each 100 cubic feet per second, or part thereof, of the diversion rate requested.

The applicant shall notify the Chief Engineer and pay the statutorily required field inspection fee of \$400.00 when construction of the works for diversion has been completed, except that for applications filed on or after July 1, 2009, for works constructed for sediment control use and for evaporation from a groundwater pit for industrial use shall be accompanied by a field inspection fee of \$200.00.

#### MAKE CHECKS PAYABLE TO THE KANSAS DEPARTMENT OF AGRICULTURE

### **ATTENTION**

A Water Conservation Plan may be required per K.S.A. 82a-733. A statement that your application for permit to appropriate water may be subject to the minimum desirable streamflow requirements per K.S.A. 82a-703a, b, and c may also be required from you. After the Division of Water Resources has had the opportunity to review your application, you will be notified whether or not you will need to submit a Water Conservation Plan. You also may be required to install a water flow meter or water stage measuring device on your diversion works prior to diverting water. There may be other special conditions or Groundwater Management District regulations that you will need to comply with if this application is approved.

**CONVERSION FACTORS** 

1 acre-foot equals 325,851 gallons

1 million gallons equal 3.07 acre-feet

HAROLD D MERTZ, TRUST 7280 ZEANDALE RD MANHATTAN KS 66502

> **RE:** Application File No. 50089

Dear Sir or Madam:

Your application for permit to appropriate water in 16-10S-9E in Riley County, was received and has been assigned the file number noted above.

As a matter of record, the Division of Water Resources has on hand a large number of applications awaiting processing. Therefore to be fair to all concerned, and so that we can process those applications on hand in the order they were received, we intend to concentrate on the backlog of applications until the issue is resolved. Once review of your application has begun, we will contact you, if additional information is required.

In accordance with the provisions of the Kansas Water Appropriation Act, a portion of which is included below, the use of water as proposed prior to approval of the application is unlawful. Once approved, compliance with the terms, conditions and limitations of the permit is necessary. Conservation of the water resources of Kansas is required.

Section 82a-728 of the Kansas Water Appropriation Act, provides (a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water in accordance with the provisions of the Water Appropriation Act or for any person to violate any condition of a vested right, appropriation right or an approved application for a permit to appropriate water for beneficial use.

(b) (1) The violation of any provision of this section by any person is a class C misdemeanor . . .

A class C misdemeanor is punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. Each day that the violation occurs constitutes a separate offense.

If you have any questions, please contact me at (785) 564-6637. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

Kristen A. Baum
