The location of the proposed wells, pump sites or other works for diversion of water is:	
The location of the proposed wells, pump sites or other works for diversion of water is:	
Note: For the application to be accepted, the point of diversion location must be described acre tract, unless you specifically request a 60 day period of time in which to local specifically described, minimal legal quarter section of land.	
(A) One in the $\underline{\text{NE}}$ quarter of the $\underline{\text{NE}}$ quarter of the $\underline{\text{NW}}$ quarter of Section $\underline{\text{12}}$, more part	rticularly described as
being near a point 5221 feet North and 2779 feet West of the Southeast corner of sai	d section, in Township
1 South, Range 2 EAST East/West (circle one), WASHINGTON	County, Kansas.
(B) One in the quarter of the quarter of the quarter of Section	, more particularly
described as being near a point feet North and feet West of the Sou	utheast corner of said
section, in Township South, Range East/West (circle one),	County, Kansas.
(C) One in the quarter of the quarter of the quarter of Section	, more particularly
described as being near a point feet North and feet West of the Sou	
section, in Township South, Range East/West (circle one),	
(D) One in the quarter of the quarter of the quarter of Section	, more particularly
described as being near a point feet North and feet West of the Sou	
section, in Township South, Range East/West (circle one),	
If the source of supply is groundwater, a separate application shall be filed for each proposells, except that a single application may include up to four wells within a circle with a que the same local source of supply which do not exceed a maximum diversion rate of 20 gallocal A battery of wells is defined as two or more wells connected to a common pump by a man	arter (¼) mile radius in ons per minute per wel ifold; or not more than
four wells in the same local source of supply within a 300 foot radius circle which are beir not to exceed a total maximum diversion rate of 800 gallons per minute and which supp distribution system.	
The owner of the point of diversion, if other than the applicant is (please print): Terry Frager 2982 King RD Morrowolle KS LIGS (name, address and telephone number)	-8
(name, address and telephone number)	
You must provide evidence of legal access to, or control of, the point of diversion from landowner's authorized representative. Provide a copy of a recorded deed, lease, easem with this application. In lieu thereof, you may sign the following sworn statement:	
I have legal access to, or control of, the point of diversion described in this appli landowner or the landowner's authorized representative. I declare under penalty of foregoing is true and correct.	perjury that the
foregoing is true and correct. Executed on May 12, 20, 20. Applicant's Signature.	ure
The applicant must provide the required information or signature irrespective of whether the Failure to complete this portion of the application will cause it to be unacceptable for filing to be returned to the applicant.	hey are the landowner.
The proposed project for diversion of water will consist of ONE WELL	
(number of wells, pumps	or dams, etc.)

and WAS completed (by) 2010

WATER RESOURCES RECEIVED

(Month/Day/Year - each was or will be completed)

The first actual application of water for the proposed beneficial use was or is estimated to be **UPON APPRVAL OF APPLICATION**

9.	Vill pesticide, fertilizer, or other foreign substance be injected into the water pumped from the diversion works	5?
	Yes ⊠ No If "yes", a check valve shall be required.	
	Il chemigation safety requirements must be met including a chemigation permit and reporting requirement	s.
10.	you are planning to impound water, please contact the Division of Water Resources for assistance, prior ubmitting the application. Please attach a reservoir area capacity table and inform us of the total acres urface drainage area above the reservoir.	
	ave you also made an application for a permit for construction of this dam and reservoir with the Division later Resources? Yes No	of
	If yes, show the Water Structures permit number here

RE: Application, File No. 50396

Dear Sir or Madam:

The Division of Water Resources (Division) has received your application for a permit to appropriate water for beneficial use. Your application has been assigned the file number referenced above. Please be aware that the Division may have a large number of pending applications on hand at times and makes every attempt to process them in the order in which they are received. You will be contacted if additional information is required.

Please note, this letter only acknowledges receipt of your application and does not guarantee approval. In accordance with the provisions of the Kansas Water Appropriation Act, the use of water as proposed prior to approval of the application is unlawful.

Additional information about the process may be found on our website at <u>agriculture.ks.gov/divisions-programs/dwr</u>. If you have any other questions, please contact our office at 785-564-6640 or your local Topeka Field Office at 785-296-5733. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

Kristen A. Baum
