Re: Water Right KS DEPT OF AGRICULTURE File Nos. 28375, 37282
Appropriation of Water File No. 43428

Dear Ladies & Gentlemen:

On the 2019 & the 2020 water use reports it was reported that Jefferson Rural Water District No. 3 sold water to Jefferson Rural Water District No. 11 which results in the above files being out of compliance by serving water on land not authorized under the water rights.

To remedy this situation, we have prepared 3 change place of use applications for the above listed files. Upon approval, all the area you currently serve will be covered under the authorized place of use for these water rights.

If you are satisfied with the applications, here is what we need to complete them: Notarized signatures of the owners/district, Filing fee is \$200 per application.

If you agree with these changes then return the signed applications and the total filing fee of \$600 (payable to Kansas Department of Agriculture) to:

Topeka Field Office 1131 SW Winding Rd, Suite 400 Topeka, KS 66615

Please have these applications signed and returned to us by May 14, 2021 so we can bring your files into compliance. Thank you for your prompt attention to this matter. If you have any questions about the information contained in this letter or if you need additional information, please feel free to contact me at 785-296-8681.

Sincerely,

Tyler Smith Environmental Compliance Specialist Topeka Field Office
