Subject: Earl Lewis(KWO)Phone Call-Lower Republican Stake Holders Group

Good Morning,
Earl called to inform us that KS passed legislation last year to establish procedure for distributing any moneys that maybe recovered from NE relating to the Rep River Compact. The bill creates the Rep River Conservation Fund and the KWO is directed to take steps and make plans on how to use the funds if the moneys are recd. They are planning to have a series of stakeholder mtgs (8-9) in the Lower Rep Basin. Susan Stove (KWO) is the lead. The purpose of the meetings is to scope out possible projects that could be developed using the funds. The first meeting is scheduled sometime in Jan. The KWO wants Reclamation to attend the meetings. They will be sending us more info and an invitation etc.
Mike
