REMARKS:			

LANDOWNERS AND RENTERS OF LANDS UNDER THE BOSTWICK IRRIGATION DISTRICT IN NE

At the November 15, 2004 Board of Directors meeting the directors voted to change the billing for assessments by the district. There will no longer be 3 tolls, only an "Operating and Water Assessment". In order to keep the integrity of the irrigation system funds need to be available to keep the system in operating condition.

The Assessment will be a flat \$28.00 per acre. This assessment will include 2" of water if there is water available to be delivered. A payment structure for water above the 2" will be on a per inch basis: \$2.00 per inch for the 1st 3 inches above the initial 2 inches from 2-5 inches; \$3.00 per inch for the 2nd 3 inches from 5-8 inches and \$4.00 per inch for the 3rd 3 inches from 8-11 inches. Charges will be as follows:

0-2 Inches INCLUDED IN \$28.00 ASSESSMENT

Inches used total cost would be

3 inches.....	\$30.00
4 inches.....	32.00
5 inches.....	34.00
6 inches.....	37.00
7 inches.....	40.00
8 inches.....	43.00
9 inches.....	47.00
10 inches.....	51.00
11 inches.....	55.00

Initials		Date

The District will no longer allow water to be transferred between land descriptions. In the future all water will be used only on the ground it is purchased for. All water will be purchased in advance of delivery. Any payment for water purchased and not used will be refunded to the party making the purchase.

All assessments **will be sent** to the landowner and **due** from the landowner. The Board feels because of the complexity of the agreements between the different landowners and their renters the district will no longer figure percentages and send notices to each. The landowner will be responsible for collecting from the renter for their share of these charges.

Assessments will be due May 1. All delinquent assessments will be charged 12% interest from the due date.

Thank you for your cooperation in this matter.
